Variants External links Category:English-language television programs Category:American public access television programsNeo (DC Comics) Neo is a fictional character appearing in American comic books published by DC Comics. He was one of the founding members of the Justice League. Fictional character biography Efraim Zimmer was a freelance photographer who worked with Citizen V in the young Justice League. At one time he and V were together when they were attacked by the Green Lantern, John Stewart. The attack was a diversion for the villain Mongul who stole the power of the entire Justice League. V soon left Neo to help a group of heroes to replace the original Justice League with a new League. After the team was formed, a video of the attack by Mongul was leaked and the heroes were blamed. When the League was attacked by the son of Mongul who called himself the new Mongul, they were able to escape. They reformed and with the help of a nuclear powered Atlas, they retreated. In order to lure Mongul out of hiding, Neo assisted Captain Marvel in taking the weaponized Justice League android, Day-O, to the Dark Side. Following
